**NOTE:**

1/ Skippers rostered to PRO a class that they will be contesting will be credited with points for that event equal to the average of the other 3 events. Any event not entered will score a TOTAL number of competitors entering the event plus 1.

**The onus to Pro is on the rostered Skipper** and he will be responsible to arrange his replacement PRO for his rostered event.

2/ The PRO replacement should be with a member PRO ing in that same class or from another class that he himself is not PRO ing in.  
ie. A PRO should only PRO once in any class as he must compete in 3 races to claim average points for the third.

3/ The Rostered PRO is to arrange with other members for help on their rostered day.

4/ Racing starts at 10.00am and the equipment and course set ready for a start at this time.

5/ Any changes to people on the roster to be advised to the Secretary.
